MAP OF SAKAGURA IN MIE

MIE Prefecture is endowed with a mild climate as well as with nutrient-rich soil and seawater. This moderate climate, pristine spring water and rice suitable for sake brewing make it the perfect place to produce high quality sake pair well with a wide variety of food.

Mie's Location

Mie, facing the Pacific Ocean, is centrally located on the Japan island chain. Its economy and culture belong to both the Chubu Region, with Nagoya at its center, and the Kinki Region, with Osaka at its center.
